I was very glad when I saw this particular opportunity to apply for a Master program in Mechanical Engineering and with this letter I would like to express my strong motivation for this master course. I am a graduate of the University Ofholding BSc degree in Mechanical engineering.I have graduated at University of..... where I was able to get a solid knowledge in the field. I hold especial interest in the Controlling system and computer aided engineering, and I would like to do specialization in this particular area.

After careful overview of the master program you are offering with at your University, I believe that curricula fully suits my intentions, and therefore I would like to get an opportunity to attend this program.

Therefore, I will be very grateful to be provided with this programme to improve my education and incent my career prospects. Knowledge gained on the studies at your University I see as an extraordinary career opportunity, and therefore I would be very glad if you could support my education with .

At the end I would like to point out that I am determined to make the most of this opportunity. I believe that being a student in your department would not only empower my career development, but would give me the framework to utilize my full potentials. Moreover I feel that as a Masters student at your University, I can benefit from the numerous challenging career opportunities.

Once again I am grateful for considering my application and I look forward to a favorable reply.

Sincerely,

.....
