

## المثال الأول عن بيان الحاجة المالية

### **Example 1: “Provide a Statement of Financial Need”**

I am the first person in my family to graduate high school, and thus the first to attend college. Both of my parents dropped out of school when they were teenagers. Because of their limited education, they have always worked in entry-level positions, earning barely enough to put food on the table. My first job I got was at the age of 12 delivering papers, and I have worked hard ever since to relieve pressure from my family.

I enrolled in Mississippi’s HELP program during my senior year, which covers tuition and fees at select colleges in the state. I also have a Federal Pell Grant to cover my housing. However, I still need funding for books, supplies, and transportation to campus as needed. I am an engineering student, and our classes come with high fees. My parents cannot contribute to my college expenses, and I cannot work much while I’m in school. This scholarship would help me avoid costly student loans that could take years to repay.
